5 PARISH COUNCIL MATTERS

5.1 Parishioners' Matters

5.1.1 Bus Service Cuts

A parishioner has raised the loss of an evening bus service to and from Bath following the changes to the BANES supported contracts. In addition due to a commercial decision by First Bus the 179 service will be reduced from 28 October. This change to the 179 service is not related to funding cuts by BANES. Cllr B Edwards and the clerk will ensure the bus cuts are featured in the various discussions on rural transport at the Cam Valley Forum and the parish liaison meetings they attend.

5.1.2 Mobile Phone Signal in the Parish

A parishioner has raised the issue of the lack of a mobile phone signal in the parish and has suggested the parish council conducts a survey of mobile phone coverage. However following desk research there already exists information from Ofcom that shows that Camerton parish will lack good indoor coverage from any mobile operator at the time of the 700 MHz auction. This auction will take place in the latter half of 2019. These new 5G contracts will include conditions to hopefully remedy this poor coverage.

Removal of Equipment from Play Park

The shelter and wooden benches have been removed as they were rotten. We are not alone as extreme weather this year has led to this problem in a few locations. At present BANES has no budget for replacing the equipment. Clerk to report recent vandalism of the remaining equipment to BANES.

7 HIGHWAYS, RIGHTS OF WAY & ALLIED MATTERS

7.1 Speeding in the Parish

A parishioner has raised this issue following two speed related crashes in the Tunley/Meadgate area of the parish. They have requested traffic calming measures are implemented at Meadgate. The clerk has requested that the issue of speeding be on the agenda for a future Cam Valley Forum meeting. Also there has been a change of tack from the police on Community Speedwatch. It is now being heavily promoted and will be backed by mobile police enforcement. The clerk will be attending a meeting with the police and BANES council next month to discuss ways of tackling speeding.

7.2 Other Highway Related Matters

BT is reported to be closing Bridge Place Road next month but we haven't receive any notification from BANES as yet.

Lack of white line at Meadgate to be raised with BANES parking department.

While the parish council isn't consulted on these types of applications the parish council will be submitting a comment to say that they would prefer a single storey building with a pitch roof.
